East Culpepper Flats DWCA  
P.O. Box 583  
Aztec, NM 87410

This letter is in support of your efforts to form and participate in a Regional Water Project. North Star Mutual Domestic Water Consumers Association, Inc. (North Star) has an ongoing Regional Water Project with Riverside, Cedar Hill, Dutchman's Hill and Flora Vista. The North Star Board of Directors and Staff encourage and promote Regionalization with all of our neighboring domestic water associations and cities. East Culpepper Flats could offer an elevated water storage area to store potable water for the ongoing regional entities. The North Star Regional Projects are listed on the Infrastructure Capital Improvement Plan (ICIP) for every year of the Planning Cycle. North Star connection to East Culpepper Flats and Upper LaPlata DWCA could provide East Culpepper Flats with a water source from two sources and provide Upper LaPlata with a second source of water from North Star. Again North Star does support your regional efforts and please keep us informed of your progress and contact us if we can be of assistant.

Sincerely,

A handwritten signature in black ink, appearing to read "Lloyd D. Ayliffe".

Lloyd D. Ayliffe  
General Manager
